

Customized CNC Titanium Parts Polishing for Medical Aerospace

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Material: Titanium
- MOQ: 1 Piece
- Size: Customized
- Drawing Format: PDF/DWG/IGS/STP/X_T
- Packaging: Carton/Wooden Case
- Service: OEM/ODM
- Application: Industrial, Medical, Aerospace, Etc.
- Processing Method: CNC Machining
- Highlight: **Medical CNC Titanium Parts,**
Aerospace CNC Titanium Parts

Product Description

Product Description:

CNC Titanium Parts is a type of component produced with the use of CNC machining process that is applied to titanium materials. It is widely used in industrial, medical and aerospace applications with its unparalleled strength and superior corrosion resistance. These parts feature a high degree of precision and accuracy, and are highly customizable to meet different needs and requirements. Heat treatments such as annealing and normalizing can be applied to boost the performance of the parts. Packaging for these parts can be done in either carton or wooden cases, and payment terms such as T/T, Paypal and Western Union are accepted.

Our comprehensive CNC titanium machining services can provide a wide array of custom titanium CNC components, CNC titanium machining parts, CNC titanium components, and more. We have the capability to produce complex parts with high accuracy and repeatability in both low and high-volume runs. Our experienced engineers are dedicated to working closely with customers to ensure the highest quality standards are met and customer satisfaction is achieved.

Features:

Product Name: CNC Titanium Parts

Heat Treatment: Annealing/Normalizing

Material: Titanium

Application: Industrial, Medical, Aerospace, Etc.

Processing Method: CNC Machining

Packaging: Carton/Wooden Case

Titanium CNC Components

Titanium CNC Parts

CNC Titanium Machining Parts

Technical Parameters:

Technical Parameter	Value
MOQ	1 Piece
Size	Customized
Application	Industrial, Medical, Aerospace, Etc.
Payment Term	T/T, Paypal, Western Union
Inspection	100% Inspection
Heat Treatment	Annealing/Normalizing
Packaging	Carton/Wooden Case
Material	Titanium
Service	OEM/ODM
Processing Method	CNC Machining
Product Name	CNC Machined Titanium Components, CNC Titanium Machining Parts, CNC Machined Titanium Parts

Applications:

Ywy CNC Titanium Parts are specifically designed and produced for industries such as medical, aerospace, and industrial use. With the model number cnc505, and the origin from Guangdong, Huizhou, this CNC machined titanium product is given surface treatment of polishing with customized size. The titanium parts machining process is done with careful precision and 100% inspected to guarantee quality and accuracy. OEM/ODM services are also available for titanium machined components and titanium machined parts, making it the perfect choice for your needs.

Customization:

YWY CNC Titanium Parts Machining

Brand Name: YWY

Model Number: CNC505

Place of Origin: Guangdong, Huizhou

Material: Titanium
Minimum Order Quantity (MOQ): 1 Piece
Inspection: 100% Inspection
Drawing Format: PDF/DWG/IGS/STP/X_T
Surface Treatment: Polishing
We specialize in CNC machining of titanium components and titanium machined parts with high precision and complex geometries.

Support and Services:

CNC Titanium Parts offers technical support and services to our customers. Our team of experienced engineers provides efficient and reliable support. We are available to answer questions and provide guidance on any technical issues you may have. Our services include design, prototyping, machining, and assembly. We also provide technical assistance for troubleshooting and repairs. We strive to ensure that our customers receive the best quality products and service.
