

## Zinc Plating Customized Laser Cutting Cnc Lathe Parts

Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

### Product Specification

- Processing Method: Laser Cutting
- Package: Carton, Wooden Case, Pallet, Etc.
- Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.
- Tolerance:  $\pm 0.1\text{mm}$
- Material: Stainless Steel, Aluminum, Brass, Copper, Etc.
- Lead Time: 7-15 Days
- Thickness: 0.5mm-20mm
- Size: Customized
- Highlight: **Laser Cutting Cnc Lathe Parts, Customized Cnc Lathe Parts**

## Product Description

### Product Description:

Our laser cutting parts are designed to meet the high demands of precision and accuracy. With our advanced laser cutting technology, we are able to provide one-piece laser cut elements with a lead time of 7-15 days and a tolerance of  $\pm 0.1$ mm. Our laser cut elements can be customized in terms of color, shape, and size to meet your needs. We offer a minimum order quantity of one piece at competitive prices, ensuring that you get the best value for your money.

Our laser cutting elements are perfect for a wide range of applications, ranging from industrial production to hobby projects. We offer a wide selection of laser cut elements, including buttons, plates, frames, and more. Our laser cutting elements are made of high-quality materials, designed to be durable and reliable. Our experienced team of engineers and technicians are committed to ensuring that your laser cut parts are crafted to the highest standards of quality and precision.

We are the leading provider of laser cut parts and elements for various industries. Our laser cutting elements are designed to meet the needs of both professionals and hobbyists. We are committed to providing the best laser cutting parts and elements available on the market. If you are looking for superior quality and precision laser cut elements, look no further than our Laser Cutting Parts.

### Features:

Product Name: Laser Cutting Parts

Material: Stainless Steel, Aluminum, Brass, Copper, Etc.

Package: Carton, Wooden Case, Pallet, Etc.

Application: Machinery, Automotive, Electronics, Etc.

Processing Method: Laser Cutting

Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.

Laser Cutting Parts: Precision Laser Cut Components with High Accuracy

### Technical Parameters:

Parameters	Details
Surface Treatment	Polishing, Zinc Plating, Anodizing, Etc.
Size	Customized
Material	Stainless Steel, Aluminum, Brass, Copper, Etc.
Lead Time	7-15 Days
Package	Carton, Wooden Case, Pallet, Etc.
Tolerance	$\pm 0.1$ mm
Processing Method	Laser Cutting
Color	Customized
MOQ	1 Piece
Shape	Customized

### Applications:

YWY Laser Cut Sections are the perfect solution for your high precision cutting needs. With our laser cutting technology, you can easily create and customize pieces with a custom color, high precision, and reliable quality. Our Laser Cut Pieces have a tolerance of  $\pm 0.1$ mm, and with our minimum order quantity of 1 piece, the possibilities are endless. Our professional team is dedicated to providing you with the best quality and service. Our Surface Treatment options include Polishing, Zinc Plating, Anodizing, and more. YWY Laser Cut Pieces are the perfect choice for any project that requires precision cutting. Let us help you create your perfect, customized pieces for your project today!
