

OEM ODM Polished CNC Stainless Steel Parts Industrial

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- OEM/ODM: Acceptable
- Shipping: By Sea/Air/Express
- Drawing Format: PDF/DWG/IGS/STP
- Material: Stainless Steel
- Lead Time: 7-15 Days
- Processing Method: CNC Machining
- Tolerance: $\pm 0.01\text{mm}$
- Package: Carton/Wooden Box
- Highlight: **Polished CNC Stainless Steel Parts,
Industrial CNC Stainless Steel Parts**

Product Description

Product Description:

CNC Stainless Steel Parts are premium, high quality parts fabricated from stainless steel. Our parts are machined to a precision tolerance of ± 0.01 mm, ensuring that they meet the highest standards of quality and accuracy. Our parts are packaged in carton or wooden boxes for secure shipping. The lead time for these parts is 7-15 days, and the minimum order quantity is 1 piece. We specialize in the fabrication of stainless steel parts that meet the strictest standards of quality and accuracy. Our CNC Stainless Steel Parts are manufactured with the highest precision to ensure that the highest quality products are delivered to our customers. Our parts are made from the highest grade stainless steel, and are machined to a precision tolerance of ± 0.01 mm. Our parts are packaged securely and delivered with a lead time of 7-15 days. We have a minimum order quantity of 1 piece, and are committed to providing our customers with excellent service and premium, high quality stainless steel parts.

Features:

Product Name: CNC Stainless Steel Parts
Inspection: 100% Inspection
Size: Customized
OEM/ODM: Acceptable
Application: Industrial Equipment
Lead Time: 7-15 Days
Stainless Steel Precision Part
CNC Stainless Steel Fabrication
CNC Stainless Steel Machining

Technical Parameters:

Parameters	Details
Material	Stainless Steel
OEM/ODM	Acceptable
Processing Method	CNC Machining
Inspection	100% Inspection
Application	Industrial Equipment
Surface Treatment	Polishing
Tolerance	± 0.01 mm
Lead Time	7-15 Days
MOQ	1 Piece
Package	Carton/Wooden Box

Applications:

Ywy cnc303 is a stainless steel CNC machined part with superior strength and corrosion resistance. It is widely used in industrial equipment, such as medical machinery, aerospace, military, and automotive industry. With the help of advanced CNC machining technology, the parts can be machined to meet customer's exact specifications and requirements. The raw material used during the production process is stainless steel, which ensures the accuracy and quality of the finished product. The processing method adopted is CNC machining, which allows us to ensure precise dimensions and complex shapes. The drawing format accepted is PDF/DWG/IGS/STP. The lead time of the product is 7-15 days and the minimum order quantity is 1 piece. Ywy cnc303 stainless steel CNC component is ideal for many applications, such as medical machinery, aerospace, military, and automotive industry, thanks to its superior strength and corrosion resistance, accuracy and quality.

Customization:

Customized CNC Stainless Steel Parts
Brand Name: ywy
Model Number: cnc303
Place of Origin: Guangdong, Huizhou
Size: Customized
Processing Method: CNC Machining

Application: Industrial Equipment

Tolerance: $\pm 0.01\text{mm}$

Lead Time: 7-15 Days

We provide high quality **Stainless Steel CNC Component**, **High Quality Stainless Steel Part** and **CNC Stainless Steel Component**.

Support and Services:

CNC Stainless Steel Parts offers technical support and service to ensure that our customers receive the highest quality products and services possible. Our team of experienced technicians and engineers are available to provide technical advice and assistance to answer any questions you may have. We also offer on-site installation and maintenance services, as well as a variety of custom fabrication and machining services.

For customers who require immediate assistance, our customer service team is available 24/7 to provide support. We offer comprehensive technical documentation and online resources to ensure that your products are always running at peak performance. Additionally, we provide warranty and repair services to ensure that your investment is protected.

At CNC Stainless Steel Parts, we strive to provide the best customer experience possible. We understand that quality products and services are essential for our customers' success, and we are committed to delivering the highest level of support and service.
