

Customized CNC Machined Parts for Industrial Applications and Precise Solutions

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- OEM/ODM: Acceptable
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Quality Control: 100% Inspection Before Shipment
- Lead Time: 7-15 Days
- Material: Aluminum, Steel, Brass, Etc.
- Highlight: **Customized CNC Machined Parts,
Industrial Applications CNC Machined Parts,
Precise CNC Machined Parts**

Product Description

Product Description:

Our minimum order quantity (MOQ) for CNC machined parts is 10 pieces. We know that our customers have different requirements, which is why we offer a range of delivery methods, including DHL, FedEx, UPS, and more. We can work with you to determine the best delivery method for your specific needs.

We are committed to providing our customers with OEM and ODM services. We understand that you have unique requirements, and we are happy to work with you to create custom CNC machined parts that meet your specific needs. Our team of experts has years of experience in CNC machining, and we are confident that we can create the perfect parts for your business.

We take quality control seriously, which is why we inspect each part before shipment. We want to ensure that our customers receive only the highest quality parts, which is why we perform 100% inspection before shipment. This allows us to catch any potential issues before the parts are shipped to our customers.

Features:

Product Name: CNC Machined Parts

Lead Time: 7-15 Days

Processing Method: CNC Machining, Turning, Milling, Etc.

Quality Control: 100% Inspection Before Shipment

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Packaging: Standard Export Carton Or Customized

Our CNC Machined Parts are precision machined parts that are created using computer-aided manufacturing parts. We use various processing methods such as CNC machining, turning, milling, etc. to ensure the highest level of precision and accuracy. All of our products undergo 100% inspection before shipment to ensure that they meet our strict quality control standards. We accept various drawing formats such as PDF, DWG, IGS, STEP, etc. to ensure that we can work with all of our clients' needs. Our packaging options include standard export cartons or customized packaging to meet your specific requirements.

Technical Parameters:

Numerically-controlled Machining Parts	
Application	Automotive, Aerospace, Medical, Etc.
Tolerance	±0.01mm
Lead Time	7-15 Days
Delivery Method	DHL, FedEx, UPS, Etc.
Surface Treatment	Anodizing, Plating, Painting, Etc.
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
Size	Customized
OEM/ODM	Acceptable
Packaging	Standard Export Carton Or Customized
Precision Machined Parts	

Applications:

Yuanwenyu is a leading manufacturer of high-quality computerized numerical cutting parts that are widely used in various industries. Our CNC machined parts are manufactured using computer-controlled machining technology that ensures precision and accuracy in every detail. Our products are designed to meet the needs of different industries, including automotive, aerospace, medical, and many others. Our CNC machined parts are available in different models, including the 1X893, which is a popular model among our clients. We also provide custom-made OEM parts that meet the specific needs of our customers. All our products are made in Guangdong, China, and have been certified to meet international standards.

Our CNC machined parts are available at a minimum order quantity of 50 pieces, with prices ranging from \$2.35 to \$12.68 per piece. We offer various packaging options, including EPE foam, anti-rust paper, stretch film, plastic bags, and cartons. Our delivery time is fast, with products delivered within 1 day. Payment terms are flexible, and we accept different payment methods. We have a supply ability of up to 1000000 pieces per month, with a lead time of 7-15 days.

Our CNC machined parts are suitable for different application occasions and scenarios, including:

Automotive: Our CNC machined parts are used in the automotive industry to manufacture different components such as engine parts, transmission parts, and suspension systems. Our products are designed to meet the high standards of the automotive industry, ensuring durability and efficiency.

Aerospace: Our CNC machined parts are used in the aerospace industry to manufacture different components such as engine parts, landing gear, and structural components. Our products are designed to meet the high standards of the aerospace industry, ensuring safety and reliability.

Medical: Our CNC machined parts are used in the medical industry to manufacture different components such as surgical instruments, implants, and medical devices. Our products are designed to meet the high standards of the medical industry, ensuring precision and accuracy.

Etc.: Our CNC machined parts are used in many other industries, including electronics, telecommunications, and consumer goods. Our products are designed to meet the specific needs of each industry.

Our CNC machined parts have a tolerance of $\pm 0.01\text{mm}$, ensuring precision and accuracy in every detail. We also offer different surface treatment options, including anodizing, plating, painting, and many others. Our products undergo rigorous quality control measures to ensure that they meet the highest standards.

At Yuanwenyu, we offer OEM/ODM services, allowing our customers to have custom-made parts that meet their specific needs. We are committed to providing high-quality products and excellent services to our customers.

Customization:

Our Computerized machining parts are made from high-quality materials such as Aluminum, Steel, Brass, and more. We use CNC Machining, Turning, Milling, and other processing methods to ensure the highest level of accuracy and quality. Our products have a tolerance of $\pm 0.01\text{mm}$ and undergo 100% Inspection Before Shipment to guarantee customer satisfaction.

We offer a range of surface treatments, including Anodizing, Plating, Painting, and more. Our products are packaged with EPE foam, Anti-Rust Paper, Stretch Film, and Plastic bags before being placed in cartons for delivery. We can deliver our products within 1 day and offer flexible payment terms. We also have a supply ability of 1000000 Piece/Pieces per Month.

Support and Services:

Our CNC Machined Parts product comes with comprehensive technical support and services to ensure that our customers are satisfied with their purchase. Our technical support team is available to answer any questions related to the product design, functionality, and performance. We also offer installation, maintenance, and repair services to ensure that the product performs optimally throughout its lifespan. Additionally, we provide training services to help our customers maximize the benefits of the CNC Machined Parts product. Our goal is to provide our customers with a seamless experience from purchase to product use.

Packing and Shipping:

Product Packaging:

All CNC Machined Parts will be packaged securely in a box to prevent any damage during transit.

The box will be labeled with the product name, quantity, and any special handling instructions.

Shipping:

We offer various shipping options such as standard, expedited, and overnight shipping.

The shipping cost will be calculated based on the weight, dimensions of the package, and the shipping destination.

Once the order is shipped, we will provide a tracking number so you can track the delivery status of your package.

Please note that we are not responsible for any customs or import duties that may be applied to your package upon arrival in your country.

FAQ:

Q: What is the brand name of the CNC Machined Parts?

A: The brand name of the CNC Machined Parts is yuanwenyu.

Q: What is the minimum order quantity for the CNC Machined Parts?

A: The minimum order quantity for the CNC Machined Parts is 50 pieces.

Q: Where are the CNC Machined Parts made?

A: The CNC Machined Parts are made in Guangdong, China.

Q: What is the delivery time for the CNC Machined Parts?

A: The delivery time for the CNC Machined Parts is 1 week.

Q: What is the price range for the CNC Machined Parts?

A: The price range for the CNC Machined Parts is \$2.35 - \$12.68 per piece, depending on the model number and quantity ordered.

Q: What is the packaging method for the CNC Machined Parts?

A: The CNC Machined Parts are packaged with EPE foam, Anti-Rust Paper, Stretch Film, and Plastic bag. The final packaging is a carton.

Q: What is the certification for the CNC Machined Parts?

A: The CNC Machined Parts have a certification of 1.

Q: What is the payment term for the CNC Machined Parts?

A: The payment term for the CNC Machined Parts is 1.

Q: What is the supply ability of the CNC Machined Parts?

A: The supply ability of the CNC Machined Parts is 1000000 Piece/Pieces per Month.
